## POSITIVE OF CBC IS GIVEN BY CHAIRMAN

### L. W. Brockington Refers To Controversy With Toronto Publisher

OTTAWA, March 3.—In radio broadcast this morning, L. W. Brockington, chairman of the Canadian Broadcasting Corporation, made reference for any Canadian over his fellow Canadians, Leonard W. Brockington, who is the chairman of the radio committee today. If one man has a right to demand time on the air and other men time, then the same demand should be made of the radio committee, should be given the preference.

The Canadian Broadcasting Corporation's chairman went into the policy of the corporation with reference to the dissemination of individual opinion, making specific reference to the controversy surrounding the complaints of George McCallagh, publisher of the Toronto Globe and Mail, who was denied network facilities for a series of broadcasts.

From what he knew of Mr. McCallagh, Mr. Brockington said, he was not sure that the question over the two would end up in agreement.

INCONEVENIENT REGRETTABLE

Mr. McCallagh might complain of the corporation's inconsiderateness. These were not the words of Brockington. He might complain of a certain absence of justice, but Brockington said, he was prepared to admit that if inconvenience had been caused by Mr. McCallagh, that was regrettable.

But these were minor things, when set beside the large principle involved. "I submit that our attitude, and that of any reasonable man, is not divergent, but groundswell," Mr. Brockington said.

FREEDOM OF DISCUSSION

The corporation's policy of freedom of discussion by all sides was the best way to prevent controversial broadcasts, that was what the board had tried to do.

"We would like specially to see a greater opportunity for self-expression given to those classes who cannot get to be their owners by the control of newspapers," Mr. Brockington said.

TOO MUCH PROPAGANDA

If time on the air were placed under the domination of wealthy interests, it would be possible for wealth to buy up all the available time. Didn't the committee think the country was getting too much propaganda on the radio?

speech and too many voices! In considering the situation, the most lamentable condition he had experienced on the air. For three weeks the "raucous voices" of politicians had drowned out all the cultural and entertainment features.

is the eye of the plain and

MANCHESTER, Eng.—(By Mail)

Once more it has been demonstrated that the real England is largely unknown to Fleet Street and that the City of London in no way represents it.

There has been a change in the Midlands and the industrial north of the attacks of the "jitters" which have wrought havoc in the north.

Mr. Justice McCallagh said in his concluding remarks, the commission should be in effect any recommendations the commission made on the pipeline matter.

Mr. Justice McCallagh said he did not want to be placed in the situation of advising legislation which might not be constitutional.

The commission is charged with determining a fair and equitable pipeline rate for moving oil through Royaltie pipelines from Turner Valley to Calgary, about 32 miles.

Self-Supporting Plan For Jobs

Alm Of Telford

Vancouver, B.C., Mayor J. L. McPherson and three Vancouver aldermen today prepared to ask the city council to establish a committee to establish unemployed in self-supporting co-operative communities.

"My idea is to make the people self-supporting without permitting them to be exploited or to exploit others," the mayor said following a special meeting at which his proposal was discussed last night.

# "Not Cold—Much!"

## Co-ops Flourish In Saskatchewan

REGINA, Feb. 4.—Termed by George Keen, secretary of the Co-operative Union of Canada, "the Co-operative Province of Canada," Saskatchewan has approximately 800 co-operative associations in operation.

With membership running into the thousands, the co-operatives do an annual business running high in the millions of dollars.

Aside from the big marketing organizations including the Wheat Pool, there are co-operative stores, all stations, carter trading societies, creameries, livestock yards and all refineries.

HUGE TINPLATE ORDER GIVEN SOUTH WALES

CARDIFF, Wales, March 3.—A wave of optimism has seized the depression-wracked areas of South Wales following the return from Canada and the United States of Sir William Firth, chairman and manager of the Welsh tinplate industry, and Company, with a £300,000 (£250,000) tinplate contract.

Thousands of Welsh tinplate workers will benefit from the huge order, closed in Canada with the American Can Company in view of strong competition from U. S. interests.

This was plainly an empire market worthy of being tapped by the home country. Sir William said, "I have completed agreements providing for 300,000 tons of tinplate in the next five years, worth £3,000,000."

From 2400 to 2600 parts are required for the modern automobile.

Tax Rate

CALGARY, March 3.—Calgary city council will consider a bylaw Monday asking for a social service tax rate of 4.603 mills to raise \$88,000 for the year.

From 2400 to 2600 parts are required for the modern automobile.

Paris, Es Elated At Dress Awards

PARIS, March 4.—The French capital is all agog to see a European, and a Bourbon prince at the Paris fashion show.

The Duchess of Windsor, who has held first place for two succeeding years, has now dropped to second place.

Annual, about half of those who captured the coveted places were born on the western side of the Atlantic.

Barbara Hutton (Countess Huxford Reventlow), Mrs. Joan Nash Dubonnet, Mrs. Duke D'Orsay, Lady Elton, Mrs. Wolf Meade, and Mrs. George B. H. Hutton, are the winners.

French foreign minister, who is common man which seem most clearly through the encircling clouds of these sophisticated, and Mr. Brockington said, "He knows when the essential freedoms are at stake, because he has had to struggle hard enough for what freedom he enjoys."

## DEATH TOLL IN HALIFAX FIRE NOW 25

Firmen Probe Ice-Coated  
Ruins Of Hotel For  
Charred Bodies

By HAROLD J. FAIR  
Canadian Press Staff Writer  
HALIFAX, March 3.—Firmen proceeded today with the grim task of probing ice-coated ruins of the fire-ravaged Queen hotel for an unestimated number of bodies, victims of yesterday's disastrous fire that razed the almost century-old structure and two adjoining buildings.

Unofficial compilations placed a minimum death toll of 25, based on a list of persons known to have been in the hotel and unreported. It was feared, however, the list would be meagre. The hotel register, locked in a safe buried under tons of debris, was unavailable for an exact check of the 87 guests. There exact 36 employees also in the hotel.

### 36 IN HOSPITAL

Hospital patients reached 20, the patients suffering from injuries ranging from bruises and slight burns to compound fractures. Other hotels and private homes cared for uninjured survivors. A list of 25 known missing was compiled by police and newspapermen. Police warned many on the list might be found, but said also there was the possibility of many more missing than were recorded.

### ONLY FOUR RECOVERED

Only four bodies were recovered yesterday and these were taken from the fourth floor of the part of the building left standing. The ruins were too hot for police and firmen to probe for more victims. Dr. F. V. Woodbury, city medical examiner, was unable to identify the bodies. He said two were men, one a woman, and the sex of the fourth could not be determined.

### INQUIRY LAUNCHED

Working in collaboration with city police, J. A. Rudland, Nova Scotia fire marshal, has launched an inquiry into the blaze which caused damage estimated at \$900,000. Police and fire marshals' officials were known to have questioned hotel staff members last night. Authorities said no one was detained. Heaviest loss of life was believed to have occurred in the hotel's collapsed northern section. One man said he had seen four men climb to the roof of this section only a few moments before it fell in.

### Bite Is Clue

CAPE GIRARDEAU, Mo., March 3.—The bite a burglar took from a piece of cheese while robbing a drug store here may get him into trouble. Police, armed with casts of the burglar's marks, arrested a negro whose teeth they claimed fitted the marks.

## \$250 Ransoms Kidnapped Boy

Mr. and Mrs. George Katz (above), parents of Michael Katz, 4, kidnapped boy they ransomed for \$250, leave a New York City police station during investigation of the "snatch." By a rare two men obtained possession of their boy, later released him in a tenement after Mr. Katz had dropped part of \$7,000 ransom demand.

## Man Loses Faith as His Best Friend Kidnaps 4-Year-Old Son

United Press  
Exclusive to Edmonton Bulletin  
NEW YORK, March 3.—George Katz' faith in human nature collapsed yesterday when he learned that Charles Mitchell, his best friend, had been involved in the kidnapping of his four-year-old son, Michael, on Feb. 26.

"I'll never trust another person except my wife," Katz said. "I never thought good old Charlie Mitchell was a kidnapper. We've been friends for 20 years, lived in the same apartment houses and brought up our children together."

Mitchell, 31, Sol Schwartz, 29, and Schwartz' sister, Mrs. Nellie Resnick, 31, mother of two children, were arrested Tuesday and identified as the persons who kidnaped Michael Katz prisoner for two hours until his father ransomed him for \$100.

Mitchell had injected himself as go-between for Katz, to negotiate the ransom payment for him. Katz had not suspected, when the kidnapper notified him to use Mitchell as a "go-between" and let him bring the money, that Mitchell was doing more than a friendly act. He thought he was indebted to Mitchell for having arranged the child's "temporary" release for \$100 when the ransom note had set the price at \$7,000.

He was not even suspicious when Mitchell came back to consult with him about paying the rest of the \$7,000, which the kidnapper had demanded if he was not to seize the boy again.

But detectives learned that Mitchell had not been at work at the

Charles Mitchell, above, named intermediary by the abductors of Michael Katz, 4, carries the wrapped-up boy from a New York City police station following Mitchell's release by the kidnappers.

## PROPAGANDA AT WORK IN U. S. SENATOR AVERS

WASHINGTON, March 3.—Senator Hiram Johnson (Rep., Calif.) warned the Senate yesterday that "insidious propaganda" is at work again to lead United States into war.

Johnson, veteran of many a fight to keep the United States from what he calls "foreign involvements," criticized President Roosevelt's foreign policy as leading to "sanctions," which he called worse than war itself, and denounced recent sale of planes to France as act of "accreditation and aid."

Senator Marvel Logan (Dem., Kentucky) urged repeal of the neutrality act, asserting it "gave the green light" to the dictator nations of the world to move on the democracies. "Since the United States has given indications it is not so strong for the neutrality act as it seemed, the dictators have moved up."

**Tax Revenues**  
OTTAWA, March 3.—Total customs, excise and income tax revenues collected during the 11 months ended Feb. 28 fell to \$402,482,068 from \$423,722,940 in the corresponding period of 1937-38.

## HUNDREDS RISK LIVES FLEEING FROM MADRID

Many Cross To Enemy  
Side Under Machine-  
Gun Fire

AVILA, Spain, March 3.—Nationalist officers reported last night "hundreds" of refugees were risking their lives to flee from Madrid, the Republican capital, to the Nationalist side.

Many, the Nationalist said, crossed the Manzanares river on Madrid outskirts under fire from machine guns in Republican trenches. They told of others crawling under cover of darkness into the Nationalist lines through "no man's land" mining in University City, Parque del Oeste and Casa Del Campo.

General Franco's officers said they gave food and clothing to the refugees whom they described as half-starved, before sending them to filches behind the lines.

**March No Longer  
Lamb-Like When  
Mercury Slides**  
March's lamb-like entry proved to be short-lived as blustery weather took over the city, swirling snow over the streets and pelting the mercury below the zero mark. New snow fell overnight to a depth of 24 inches while the lowest temperature was 18 below zero at 3 a.m. The reading held until 7 a.m., climbing to six above at 9 a.m. Chilly weather will continue, the forecast says.

Snow was still falling over the near north area Friday morning while temperatures there dived below zero at all reporting points, ranging from 32 below to five below.

In the far north, temperatures showed a range of 36 below at Simpson to 22 below at Alkavik.

**Pilot Herb, Hopson  
Accepts Winnipeg  
Position In TCA**  
Herb Hopson, pilot who has been flying "down north" from Edmonton with Mackenzie Air Service for the past two years, revealed Friday he has been offered and accepted a position with Trans-Canada Airlines and will leave for Winnipeg in the near future.

Hopson learned to fly in Calgary in 1929. Following the completion of his flying course he was with Great Western Airways in Calgary, then with the Royal Canadian Air Force at Camp Borden before joining the staff of Mackenzie Air Service.

Hopson is one of several northland pilots who have given up "down river" flying to join the staff of TCA.

Rocket ships, unlike airplanes, need no atmosphere to sustain their flight. In fact, they can travel faster in a perfect vacuum.

## Police Mystified by Man Who Has Rare Disease—Walks Backward

Exclusive to Edmonton Bulletin  
DENVER, Colo., March 3.—Psychiatrists worked today on John Bollinger, 35, who lost his job washing dishes and immediately started walking backward.

Police received a series of frantic calls about a man propelling himself backward through the streets. They found Bollinger slowly and studiously navigating stern forward. They stopped him and turned him around.

He walked away from them backward. The experiment was repeated several times, with the same result. So they took him to Denver general hospital.

Physicians there concluded immediately that he had a rare disease which manifests itself in a maladjustment of the inner ear, sending off uncontrollable urge to walk backward. They made various tests and analyzed a sample of his spinal fluid and found him physically healthy.

The psychiatrists were called in and they decided that he was suffering from a form of hysteria.

**Continued From Page 1  
Pegged Price**  
Speakers who contended Canada would be coming into this province because of fear of legislation that would be passed, Mr. Foster dealt with the history of the oil industry and tracing its development from 1923 onward, he told that in 1934 there were nine wells being drilled in this province. In 1935 there were six. Then after the present government came to the number jumped to 10 in 1936; 27 in 1937 and 59 in 1938.

He pointed out that in nine months, Turner Valley could supply sufficient of its products to supply the four western provinces for a year and he noted that last year Turner Valley production had increased by about \$100,000 barrels.

"What we need is a market for our already produced goods," he said. There was oil under practically the entire area of the province, dependent upon the depth of drilling.

**ATTACKS FACTS**  
Attacking the new trade pact, Mr. Foster charged that "under present conditions we have lost the British market. Our six cent preference has been wiped out."

He declared that much United States wheat coming into Canada to be refined. He charged that "our coal market has been destroyed" and that if the pegged price of wheat, of 60 cents was withdrawn, wheat in western Canada would again touch the 1932 crisis position.

If that was allowed, he continued, there would be no continuing the farming industry would be faced with collapse.

He said that unless steps were

## BIG INCREASE IN AIR FORCE APPROPRIATION

Huge Outlay For Empire's  
Air Branch Disclosed  
In London

By Associated Press  
LONDON, March 3.—First British announced a 15 per cent increase in her air force appropriation for the fiscal year ending April 1, a declaration by Germany that the Nazis intended to maintain their advantage in warplanes.

Air Secretary Sir Kingsley Wood submitted estimates to the House of Commons calling for spending the record sum of £220,628,700 (£110,113,350) for the 1939-40 fiscal year starting April 1.

This huge outlay for the empire's air branch was disclosed a day after Field Marshal Goring, German air minister, warned the Reich was producing planes "in numbers and of quality which seemed unthinkable."

The air secretary stressed a speed-up in the manufacture of planes, stating Britain's home first line strength on March 31 would be 1,750 planes.

He disclosed the air force personnel would be increased by 12,000 to a total of 118,000. Adding to this 77,000 men in the Royal Air Force reserve and volunteer reserve and 27,000 in the auxiliary force would reach the strength of 220,000 officers and men.

Volunteer recruitments for the year are expected to be six times that for any similar period before the war. The strength of the reserve will be increased by 2,500 men, Sir Kingsley said. He disclosed the overseas air force was augmented by three new squadrons during the past year.

**Gale Prevents  
Rescue Of Crew  
Of Sealing Ship**  
HALIFAX, March 3.—A gale prevented the rescue of the crew of the sealer Ranger as the sinking vessel rolled in heavy seas off the southern coast of Newfoundland, East Coast Radio reported today.

The steamship Newfoundland and Imogene were standing by the waterlogged sealer off Placentia Bay.

Battering waves hampered the work of getting a line aboard the vessel. Captains of the rescue ships hoped to tow her in under the shelter of the nearest land. They reported they were 12 miles off Cape St. Mary's.

**Flying Boat For  
Australia Launched**  
The Autocrat, first of 24-ton flying boats for the Australia-New Zealand air service, was launched today.

# THE EDMONTON BULLETIN

Offers Its Readers This Fine Set

CHALLENGING any offer ever made by any publisher, is the astounding special gift presentation of the World's Popular Encyclopedia offered exclusively to our readers. Twelve magnificent volumes—40,000 timely and historical subjects—3,000,000 words of interesting reading—hundreds of illustrations—authentic maps—all in this beautifully bound, 12-volume set of encyclopedias. Here is the set to add to your library that you have always wanted . . . at a price so amazingly low that you cannot afford to miss this sensational gift presentation.

## Wolf-Driver Joe Is Challenged To Race Huskies For \$5,000

### MAYOR, POLICE CHARGED WITH SHIELDING VICE

PHILADELPHIA, March 3.—The police department of the third largest city in the United States, from the mayor down to the most obscure patrolman, was charged by a special grand jury Thursday with "protecting" and permitting the ranges of "commercialized vice and crime" to flourish on a widespread scale.

Winding up a 17-month-long investigation, the jury declared political domination of the department by the mayor and high city officials had resulted in the police being "derelict in their duty to their superiors and the public."

"The most far reaching and damaging political control," the jury reported, "has been exercised by Mayor David Wilson. He actually so directed it that the police department that organized vice could and did flourish unchecked in Philadelphia, particularly in the summer of 1937."

Up to the jury's recommendation, Mayor Wilson was indicted earlier this week on charges of misbehavior in office and failure to suppress gambling. The mayor is vacationing in Florida and could not be reached immediately for comment.

**Boy's Death Caused By Perspiration**  
ADELPHI, Australia, March 3.—Bruce McMalley, 14, was electrocuted because his feet and hands were perspiring. After moving his bed on to a couch because of too hot indoors, the youngster returned to his room to rest a reading lamp. But his hands and feet were moist with perspiration and as he grasped the lamp, it fell and passed through his body, killing him instantly.

**Wild Life Survey**  
BARKER, Ark., March 3.—A survey of northern districts to determine steps necessary to improve breeding grounds for ducks and waterfowl, animals, is being recommended to the Saskatchewan board of the Fish and Game Survey by Angus McNeill, retiring president.

**Odd Twins**  
DRUMHELLER, Alta., March 3.—Twin sons of Mr. and Mrs. Donald Pringle were born 35 hours apart. One celebrated his birthday Jan. 2, the other Jan. 3. The mother is only 20 years old.

## Nice Little Wolfie

TORONTO, March 3.—A \$5,000 bet was made on the wolf-dog contest between Joe LaFlamme, Sudbury wolf trainer, and trapper Russ Cockburn, of Toronto and Moose Lake, Ont., last night.

LaFlamme has been touring United States cities with his team of trained wolves, which he claims are tame, treacherous animals as likely to attack a man as not.

The Toronto man, veteran of many a wolf in the north, says he has a "good" wolf named "Cocky" who he says LaFlamme's animals are real wolves. Last night he offered to race Joe's animal team with a pack of husky dogs, and beat them over "anything from 10 to 100 miles."

Joe LaFlamme, of Gogama, Ont., whose trained wolf team has gained much prominence, is shown here with one of his wolves at the Grand Central Palace in New York, where spectators from all over the United States gathered for the annual sportsman's show.

**Dr. McCoy's menu suggested for the week beginning Sunday, March 5, 1939.**

**SUNDAY**—Breakfast: Eggs poached in milk, served on toast, stewed fish, lettuce. Luncheon: Stewed fish, lettuce. Dinner: Stewed fish, lettuce. Supper: Stewed fish, lettuce.

**MONDAY**—Breakfast: Crippled eggs, coffee, eggs, applesauce. Lunch: Pint of buttermilk, 10 or 12 lumps. Dinner: Minced chicken in tomato jelly (chicken taken over from Sunday), green peas, cooked greens, salad of grated carrots, egg, cup butter.

**TUESDAY**—Breakfast: Whole wheat muffins with peanut butter, stewed prunes. Lunch: Cooked dried carrots, corn bread, salad of raw spinach and lettuce. Dinner: Vegetable soup, roast beef, string beans, mashed turnips, salad of grated raw carrot on lettuce.

**WEDNESDAY**—Breakfast: Crippled eggs, coffee, eggs, applesauce. Lunch: Baked potato, cooked lettuce, ripe olives. Dinner: Roast beef, artichoke, green peas, cabbage salad, baked apple.

**THURSDAY**—Breakfast: Poached eggs, milk, toast, butter, jam. Lunch: Baked potato, cooked lettuce, ripe olives. Dinner: Roast beef, artichoke, green peas, cabbage salad, baked apple.

**FRIDAY**—Breakfast: Baked eggs, re-fried whole wheat, butter, jam. Lunch: Baked potato, cooked lettuce, ripe olives. Dinner: Roast beef, artichoke, green peas, cabbage salad, baked apple.

**SATURDAY**—Breakfast: Baked eggs, re-fried whole wheat, butter, jam. Lunch: Baked potato, cooked lettuce, ripe olives. Dinner: Roast beef, artichoke, green peas, cabbage salad, baked apple.

**SUNDAY**—Breakfast: Baked eggs, re-fried whole wheat, butter, jam. Lunch: Baked potato, cooked lettuce, ripe olives. Dinner: Roast beef, artichoke, green peas, cabbage salad, baked apple.

**MONDAY**—Breakfast: Baked eggs, re-fried whole wheat, butter, jam. Lunch: Baked potato, cooked lettuce, ripe olives. Dinner: Roast beef, artichoke, green peas, cabbage salad, baked apple.

## YOUTH BRANCH ISURGED ON LABOR SOLON

### Would Provide Effective Leadership For Young People

OTTAWA, March 3.—Establishment of a permanent national youth administration in the labor department is urged by the National Council of the Canadian Youth Congress.

The delegation stressed the "relative permanency" of the unemployment situation as far as absorption by private industry was concerned. It accordingly submitted that youth training projects should be viewed as a permanent part of the work of educating the younger generation and helping them take their place in the working force of the country.

**PERMANENT METHODS**  
It likewise submitted that "relatively permanent methods must be introduced to absorb into the economic life of the nation, those who cannot be absorbed into private industry."

Opposition was voiced against introduction of "other methods of training" used in connection with democratic principles and with the need to develop young men and women within the healthy influences of the community at large.

**PROVIDING EMPLOYMENT**  
We are emphatically of the opinion that future development and success of a program to aid youth must lie to a much greater extent along the lines of providing employment. Training projects are essentially subsidiary to employment and programs must be designed to greatly increase employment opportunities.

**Fastidious Co-Eds**  
TORONTO, N.W., March 3.—Australian university girls are "most fastidious" in accepting vacation employment, the secretary of the employment board said. Not only did they refuse domestic service but in taking store work, insisted on certain department.

**Maid In Training**  
MELBOURNE, Australia, March 3.—The New South Wales university girls are "most fastidious" in accepting vacation employment, the secretary of the employment board said. Not only did they refuse domestic service but in taking store work, insisted on certain department.

**Voluntary Committee**  
A voluntary national advisory committee, broadly representative, would work closely with the national youth administration, under the congress plan.

**Italian's Of 1919 Called To Colors**

## Two Women Principals In Wife-Swap Get Divorces at Reno

### Exclusive to Edmonton Bulletin

RENO, Nev., March 3.—Two prominent Rochester, N.Y., women principals in Reno's latest "wife-swaps" were granted divorces today by the state supreme court.

The two women, who shared the same apartment during their stay in Reno, were granted divorces by the state supreme court.

**WORKS PROJECTS**  
Special works projects linked to educational institutions would also be used to assist such students. A system of national scholarships for outstanding students financially unable to continue their education, would also be set up.

**Diphtheria Thought  
Akin To Paralysis**  
ADELAIDE, Australia, March 3.—

It is sometimes said that many of the great discoveries of science have been accidental and an interesting possibility in that field is opened by an article in the Medical Journal of Australia, which reveals that in towns where a substantial proportion of children were immunized against diphtheria, these children were less likely to contract infantile paralysis than their unimmunized companions of the same age groups.

He was so startled that he overbalanced, and fell into the shallow water. He managed, however, to fling the shark on to some rocks.

## Looking Them Over

By Jack Kelly

More Brothers  
Title Boxing  
The Roundup

TODAY I tackle the problem of getting a lot of things in a mighty small space. The first matter on the agenda is the presentation of all my brother team of hockey players. This squad might very well be named the Provost Brotherhood. It is coached and managed by an old college pal of mine—Dave Caldwell of Provost.

There are nine regular players on the Provost team and eight of them are brothers. Here is the lineup: Goal, George Holmes; defence, New Perry and Bob Perry; centre, Pete Perry; right wing, John Doherty; left wing, Roger Dick; centre, Joe Perry; right wing, Mark Fischer; left wing, Don Fletcher. That makes four Perrys, two Dicks and Fletchers. This outfit has won nine and lost six games which is fairly enough.

Dave figures that his Brotherhood is second only to the Bentley's in Canadian hockey—regardless of some claims recently advanced by Rockwood, Ontario. I'm inclined to agree with him. I have heard of one or two six and seven-man teams that are all brothers in one family and who press their line up service as a sub, but I doubt if they can play the same culture of hockey that the Provost team does.

### Dominion Mitt Finals at Montreal

CANADA'S dominion amateur boxing championships will be decided on April 25 and 26 this year in Montreal. The bouts will be staged by the Crescent Amateur Athletic Club under the sanction of the Amateur Athletic Union of Canada. John Leslie, secretary of A.A.U., has issued invitations for leather pushers to get their names on the dotted line if they figure they have championship stuff in them. The scene of the break-busting will be the Forum.

The classes to be decided are: Flyweight, 112 lbs. and under; Bantamweight, 118 lbs. and under; Featherweight, 126 lbs. and under; Lightweight, 135 lbs. and under; Welterweight, 147 lbs. and under; Middleweight, 160 lbs. and under; Light-heavyweight, 175 lbs. and under; Heavyweight, any weight. Entries for the meet will close on April 20, 1939. Anyone desiring information may secure same from Crescent Athletic Club, 1622 St. Catherine St. West, or Mr. E. H. Bourdon, secretary Quebec branch A.A.U. of Canada, P.O. Box 52, Montreal, P.Q.

### Roundup of Shorties

I REFUSED to believe this one for a couple of days till the answer came. The writer received a package which had been sent him by Harry Hays had stepped forward and offered to umpire in the Piedmont League this summer for the sum of one dollar per year. Personally I have never known an umpire who would accept so small a sum—yet clear his throat for a dollar. Now it develops that Hays is the son of a wealthy family and that when his 21st birthday rolls around this summer he will have one million bucks deposited to his credit in the bank. And he wants to be a ball umpire. He must have a line of friends he wants to get rid of quick.

Down in New York the sport scene is still chafing over the last comedy drama of the circus. A comedian named baseball, he decided to throw himself down in the Florida training camp in his jockey suit and see the scenery. On the morning he was scheduled to take off, he couldn't remember where he had parked his jockey buggy the night before. He kept New York in an uproar for hours as he searched for his car. Newspapers, radio, the police—everybody was looking for the Schachtel as he called it. They are leaving the town in peace.

The Joe Louis imbroglio is being thrown up in their home circles of Detroit for a while. On March 31 they are going to stage a fight with the champion boxing Dave Clark. The said Louisville protégé of John D. Goheen, coachmaker of Joe, has also happened to be the champion squaring partner.

## JACK JACKSON LUDWIG'S PAL BOUT TONIGHT

OTTO Ludwig has a pal, in other words a partner for tonight's wrestling team match at the Memorial Hall. Ludwig's pal is friend Jack Jackson who is going to team up with Ludwig against the friendly duo of Pauline O'Dowdy and Gordon Grayston in a perfect bout for this week's all features the middleweight wrestling match tonight.

Such a team match came about when Grayston, acting as referee in last week's bout between Ludwig and O'Dowdy, clipped Ludwig on the chin. It was a nifty right in Ludwig's chin and one which floored him and made him a perfect setup for a body press.

Indignantly Ludwig demanded a team bout as he challenged both Grayston and O'Dowdy. Of course Ludwig was not an easy mark, he rapidly asked for help and that help will come from Jack Jackson.

It's a disingenuous match and the ring the card at 8:30 p.m.

## Prolites Capture N. S. Championship

SASKATON, March 2.—(United Press.) Prolites captured the Saskatchewan championship three-lad night when they defeated Saskatoon, 1-0 in the second game of the best-of-three series. Prolites scored twice in the first half, while Saskatoon scored once in the second half.

The Prolites' first half goal was scored by a header from the right. Current captain, in a moment of inspiration, kicked the ball into the net. The Prolites' second half goal was scored by a header from the right. Current captain, in a moment of inspiration, kicked the ball into the net.

## London Fight

LONDON, March 3.—Jack Light of West Hantsport, England, knocked out Al Delany of Glasgow and Windsor, Ont., last night in the eighth round of a 10-round heavyweight bout at the Albert Hall.

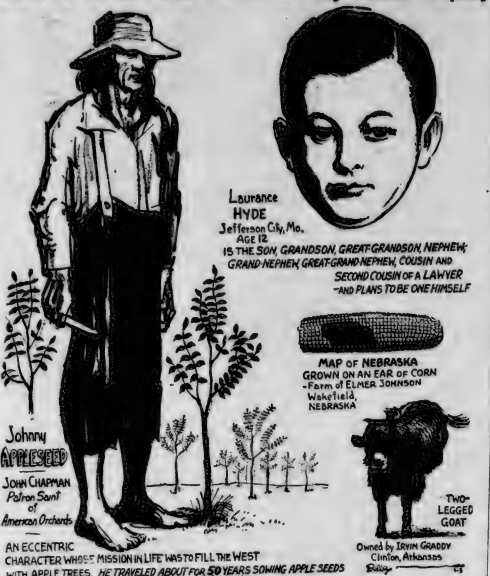

Resulting thrills may come in cardinals, certainly they will be in evidence as the bout goes on to work.

Completing the card will be Nick Harris against Gus Johnson for a semi-main with a preliminary opening the card at 8:30 p.m.

# E.A.C. FACES PICKED CALGARY TEAM

## SP BULLETIN

Believe It Or Not — — — By Robt. Ripley

JOHN APPLESEED, PATRON SAINT OF AMERICAN ORCHARDS. John Chapman was born near Springfield, Mass., in 1774, and died near Port Wayne, Ind., in 1845. So famous was he for his devotion to the planting of apple seeds, that he was better known as "Johnny Appleseed" than by his own name. For 30 years he wandered through the west carrying out his self-appointed mission. Every spring he would set out with seed of apples, gathered at the cider mills the previous fall, and sow them in any likely spot he could find. He frequently visited the orchards he had sown to prune the trees and set seedlings to formers. He covered the area between Pennsylvania and Missouri north into Michigan and south into Kentucky.

## Hockey Results

**MANITOBA JUNIOR**  
(South semi-final)  
Manitoba 7, St. James 4.  
Manitoba won league series 3-0.

P.E.I. 4, St. John's 3.  
P.E.I. won best of three series 2-0.  
**ONTARIO JUNIOR**  
(Semi-final)  
Ontario 4, St. Catharines 3.  
Ontario won best of three series 2-0.

## Community Loop Sextets Soundly Drubbed At Arena

MCAULEY Community League teams suffered a severe trouncing in opening games of best-of-two-of-three city championship series, the Maple Leaf midweek winning by a 5-0 score and the Edmonton Athletic Club juveniles scoring a 12-4 win.

Doug Williams was the star in the Leafs' midweek scoring spree, as he scored eight goals. Barclay and McAuley got one each for the Leafs.

McAuley enjoyed a brief lead in the second period but from that time on the Leafs were in the bank. Bredshaw was the top McAuley scorer with two goals while Barclay tallied the third one. The triumph gives Leafs a decisive margin in their series and establishes them likely city midweek champions.

E.A.C. juveniles had a fairly easy time with the McAuley team. In the first frame the Clubmen jumped into an early lead as Maher, Sied and Scramsted scored on each.

In the second frame E.A.C. added to this margin as McDermid, Gregorath and Sied each tallied one. Bible and Smith got on each for the lower in this frame. E.A.C. continued the rout in the third frame by goals from the attack of Larson, Sied, Isaac, Gregorath and McDermid. With the exception of McDermid who scored two, the other E.A.C. scores in this frame got one each. Bible and Perras got singletons each for McAuley.

## Cloverdale Beats Ritchie for Title

Cloverdale won the Community Senior Hockey league championship last night, defeating Ritchie by a 4-1 score at the Arena. The win gave Cloverdale its second win in a best of three series. Cloverdale won the first game 3-2, the second 5-2.

George Hetherington with two goals led Cloverdale scorers with G. Ross, G. Scott, Newmans and A. Scott scoring one each.

J. Knutson got the lone Ritchie tally.

## SPORTING NATION

STOCKHOLM—led by their 60-year-old tennis playing King Gustav, Sweden, with 200,000 members of athletic clubs out of 6,000,000 population, claims to be the most sport-conscious nation in the world.

LONDON—To bring into the sport of fishing some form of control the World Fish Game Fishing Association, with headquarters here, is drawing up rules and regulations hoped to obtain world recognition.

HELSINKI, Finland—As the majority of foreign visitors to the 1940 Olympic games are expected to travel to Helsinki via Stockholm, a company direct air service between the two cities is proposed.

## Provincial Series Opens Here Saturday

CALGARY, March 3.—A young, hand-picked squad will carry Calgary Jimmies' colors against Edmonton Athletic Club in the provincial junior hockey championship series at the Edmonton Arena. The entire provincial series will be played at the Edmonton rink, the first game scheduled for Saturday night and the second Monday.

Jimmies were hand-picked from the cream of the Calgary junior crop prior to the commencement of the 1938-39 season and four of the squad are experienced junior campaigners with at least one good junior year under their belts.

This quartet is Art Green and Al McDonald, defencemen, and Curly Hunt and Ken Main, a pair of cage forwards who were with Calgary Columbus Club in the finals last year.

**CLEVER SNIPERS**  
While Jimmies lack in experience they should not be underestimated as they possess clever players in Curly Hunt, Ken Main, Herman Corry and Bobby Stewart, who are capable sharpshooters in front of the net.

Best Paxton, net minder for the Columbus Club juveniles last year, has played steadily all season and with the sturdy Clubmen shooting rubber at him he will get his chance to show his true form.

Ab McDonald who with Art Green, Travis and Sied form the defense, is the outstanding Jimmie star. McDonald early this season had trouble with both Calgary Stampers and Turner Valley Oilers. Coach Omar Paul of the Oilers was highly impressed with McDonald and offered him a senior berth with his club but the youngster decided to remain in junior ranks.

Hunt, Corry and Main form a fast skating, tricky line that has done most of the heavy work this winter. Braubrook, Stedman, Short, Simpson and Hughes are the remaining forwards. For his size, Stedman is the shiliest puck manipulator in the Alberta Junior Jimmies finished on top of a three team junior league here. They topped the championship in a series with the Calgarys, although it took them three games to turn the trick.

## SCONA JUNIORS BEAT SEPARATE FINALS OPEWER

Sparked by the brilliant play of Howie Biefgen, Parnell Scramsted and Bud Poltry, Strathcona Juniors shared in a decisive 6-2 victory over Separate at Varsity rink yesterday in the opening game of the High School Junior Hockey league championship series. The second game of the two-game, total-goal series will probably be played Monday or Tuesday at Varsity rink.

Scramsted tallied three times to complete the hat trick, while Poltry scored once and assisted on three goals. Biefgen, who scored twice, also assisted on two goals. Eddie Hoffman and Chris Forbes completed the Scena scoring with one each.

Bernie O'Connor and Johnny Strahan tallied for Separate.

Howie Biefgen in goal for Scena and Blackmer for Separate, both played smart games, with Biefgen making spectacular saves all evening to hold Separate forwards in check.

## Sell-Out Looms Olds-Lethbridge Tilt in Calgary

CALGARY, March 3.—A sell-out was predicted for the second game of the Alberta Senior Hockey league semi-final series between Olds and Lethbridge Maple Leafs here Saturday, said Lloyd Turner, Victoria Arena manager last night.

For the first time since the artificial ice rink was enlarged, two months ago 607 fans from Red Deer, Alta., to the international border are scheduled to attend.

**WORLD SKI RANK**  
LONDON—World's indoor jump record of 22 metres about 72 feet was equaled by Sverre Kollerud, Norwegian champion, at the European indoor ski-jumping tourney at Earls Court. He won the title with 37.5 points.

Father's Day always is the third Sunday in June.
